Gas Service Engineer

More information can be found at

[Gas Service Engineer \(gov.wales\)](http://gov.wales/gas-service-engineer)

Qualifications Required

To get onto an Intermediate or Advanced Level Apprenticeship, you'll usually need five GCSEs at grade C/4 or above, possibly including English and maths.

Competition for these opportunities is competitive.

- Approximately 3630 people are employed as Gas Service Engineer and related jobs in Wales.
(EMSI, 2022)

Skills and Qualities

To become a Gas Service Engineer, you'll need:

- strong technical knowledge and practical skills
- to be able to follow safety procedures at all times, working carefully and with great attention to detail
- to be able to follow detailed plans and instructions
- computer skills, as many use laptop computers to diagnose problems and communicate with their base

Do I need Welsh Language skills?

Welsh Language skills are often asked for. Being able to read, write and speak Welsh may be an advantage when you're looking for work in Wales

Entry Routes

So, how do you become a Gas Service Engineer?

There are three main stages to getting into this career:

- getting a job that will provide you with on-the-job training, and the chance to gain recognised work-based qualifications
- getting Accredited Certification Scheme (ACS) qualifications
- getting your name on the Gas Safe Register

Training

Training for this role tends to be on the job. You can also join a professional organisation, and develop your skills through workshops and networking events.

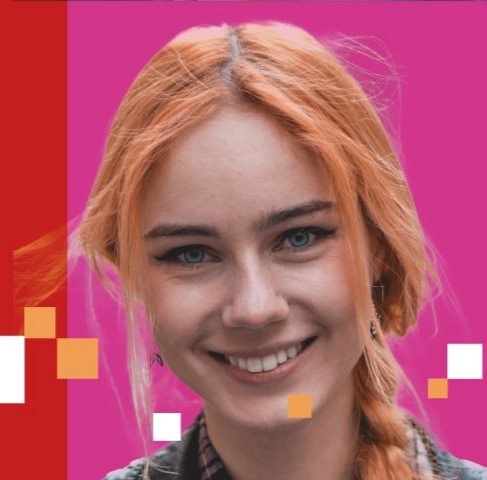

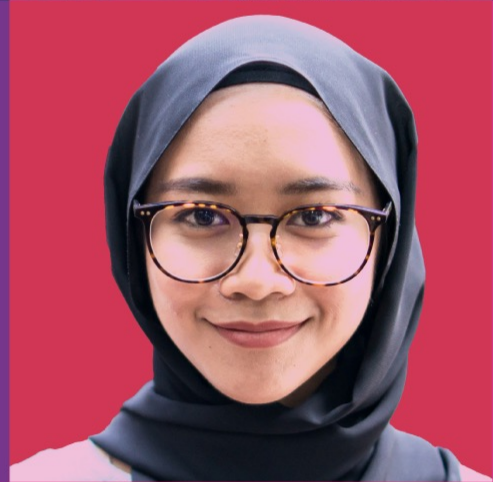

Salary

The pay rates given below are approximate.

- Starting: £24,000 - £26,000
- With experience: £29,000 - £32,500
- Senior Gas Service Engineers earn £35,000 - £37,500

You may be required to work Evenings, Weekends and Bank Holidays
